Fairgoer “Gets Caught Recycling”

Dunn County Solid Waste has named Mary Holmstadt the “Get Caught Recycling” winner for the month of July. After she and her husband, Robert, were spotted recycling a plastic bottle at the Dunn County Fair on Thursday, July 25<sup>th</sup>, she was entered into a drawing to win a “Get Caught Recycling” prize.

Mary resides in Irvington, where she and her husband are dedicated recyclers. Not a can, bottle or box goes astray in the Holmstadt household; everything is taken to a nearby Dunn County Area Collection Station. They also maintain a compost pile to properly dispose of their organic waste.

For being caught in the act of demonstrating her conscientious recycling skills, Mary received two free tickets to a show of her choice at the Mabel Tainter Center for the Arts. The choices include everything from theatrical performances to an 80’s Rock Tribute concert. A special thanks goes to the Mabel Tainter Center for the Arts for sponsoring this prize!

Other sponsors of Dunn County’s “Get Caught Recycling” campaign include: Acoustic Café, Vagabond Bakery, Simply from Scratch, Mills Fleet Farm, Menomonie Market Food Co-op, Temple Massage, Keyes Chevrolet, The Grain Bin Market & Bakery and The Raw Deal.
