

CTH B, I-94 to Packer Dr.

Pavement and Safety Improvement Project Dunn County

Spring/Summer 2024

Project Description

To address deteriorating pavement and safety issues, the Dunn County Highway Department is proposing the following improvements to CTH B from I-94 in Menomonie north to Packer Dr. in the Town of Red Cedar:

- 🚧 Removing existing deteriorated pavement from I-94 WB ramps to Packer Dr. and replace with new concrete and asphalt pavements.
- 🚧 Replacing guardrail.
- 🚧 Replacing street lighting.
- 🚧 Making the following upgrades at the CTH B/Badger Dr. intersection to improve safety:
 - 🚧 Installing traffic signals.
 - 🚧 Improving turn lanes on CTH B & improving radius' on Badger Dr & 628th Ave.
 - 🚧 Railroad crossing signal improvements

Traffic Impacts

During construction, CTH B will remain open to traffic for the majority of the project duration, but motorists will encounter lane closures with bi-directional traffic. CTH B will be shut down and detour implemented for a portion of the project to complete railroad crossing upgrades for approximately 1 month.

Real Estate

Right-of-way acquisition was purchased to make improvements at the CTH B/Badger Dr. intersection to improve radius' at this intersection.

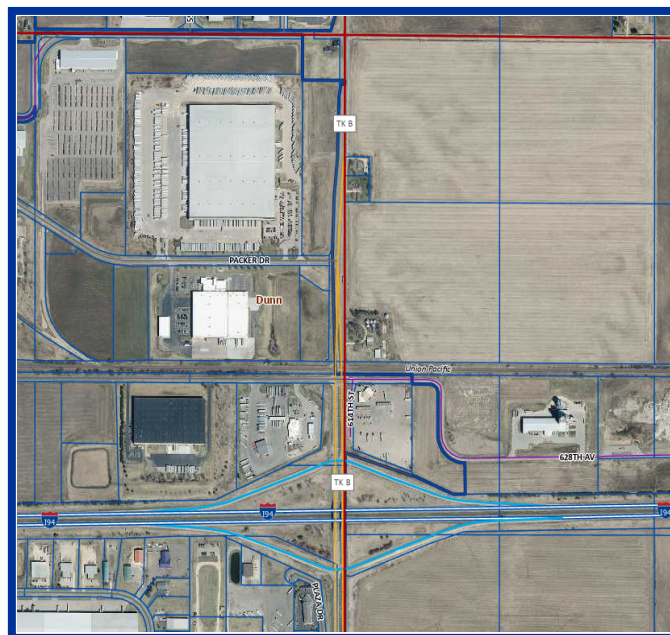

Construction

Construction currently is scheduled to start April 15th - October 4th, 2024. *Schedule is subject to change.
