### **Proposed Transportation Improvements**

The Dunn County Highway Department is proposing a structure improvement project on County D from Weston to Menomonie. The project will include rehabilitation of the existing structure including a concrete deck overlay, abutment concrete and undermining repairs, and pier scour repairs; reconstruction of roadway approaches; new asphaltic pavement; new curb and gutter; and new guardrail. The project design is currently scheduled to be completed by August 1, 2025, for construction in 2026.

### **Please View**

All persons interested in the County D project are encouraged to view the Public Information Material (PIM) on the Dunn County Highway Department website located at the following address: <https://dunncountywi.gov/highway>. Click on County D PIM Project Information to visit the information, including an exhibit showing the preliminary roadway and bridge layouts. Also, we encourage you to share this information with others that may be affected by this project. The intent of this virtual presentation of material is to provide an opportunity to view the project plans and provide comments and feedback from the public.

Staff members from the Dunn County Highway Department and its consultant, Short Elliott Hendrickson, Inc., will be available via phone or email to discuss the proposed improvements. Project drawings, location maps, a project information sheet, and a comment form will be on the website to illustrate the proposed project and provide comments.

### **Your Involvement**

We want your thoughts about this project. Please view the Public Information Material on the Dunn County Highway Department website during the timeframe that is convenient for you. If you are not able to view the material, write or email the SEH staff member listed below to share your comments. If you have questions or concerns that may assist in the development of this project, please provide comments by December 2, 2024, to the project staff listed below:
