## County P

Prepared for Dunn County Highway Department

### 1 Project Description

The proposed project involves the removal and replacement of the existing structure on County P over Irving Creek in the Town of Weston, Dunn County. **See Attachment 1 – County P Project Location Map.** The existing structure has reached the end of its useful life expectancy. The existing structure consists of a 24.8-foot long two-cell continuous concrete box culvert, a traveled way width consisting of two 11-foot driving lanes, and 3-foot gravel shoulders. The existing structure was built in 1938 and has undergone routine inspection and minor maintenance.

The proposed undertaking consists of the construction of a twin-cell concrete box culvert with approximately 300 feet of approaches. The traveled way and shoulder widths will receive 24-feet of new asphaltic pavement and 3-foot gravel shoulders. **See Attachment 2 – County P Plan Set.**

The speed limit within the project limits is 55 mph, statutory. Right-of-way acquisition is expected in the form of FEE acquisition.

### 2 Reason for Project

- Culvert in poor condition
- Roadside Safety and Maintenance

### 3 Traffic Volumes

- 350 Vehicles per day (2026)
- 520 Vehicles per day (2046, design year)
- 10% trucks

### 4 Proposed Roadway Details

- Reconstruction of roadway approaches (300 feet total)
- New Asphalt Pavement
- New Gravel Shoulders

## 5 Proposed Structure Details

- Superstructure Type: Twin-Cell Concrete Box Culvert
- Clear Width: 24 feet
- Structure Length: 47 feet
- Skew: 10-Degree Right-Hand Forward

## 6 Traffic During Construction

- Roadway will be Closed to Traffic
  - Detour to be provided by the County.
    - **See Attachment 3 – County P Detour**

## 7 Scheduling Dates

- Final Plan, Specifications & Estimate: August 1, 2025
- Letting Date: January 13, 2026
- Begin Construction: 2026
