Department of  
Workforce  
Development,  
Commute to  
Careers Program**

# 2019 was a year marked by project continuation.

**DOLLY CATLIN**

**FEBRUARY 2020**

In partnership with In Partnership: WIDWD, Fast Forward, DCEDC, UW Stout Career Services, WCWRP, DCT residential and business surveys developed, distributed 4400 Survey findings discussed. Next steps determined; regional planning to combine the two surveys, outside consultant given results to define route development, and set-up meetings with business stakeholders to discuss program and secure local in-kind share. Targeting Stout Technology and Business Park Park, Menomonie Industrial Park, The residents of Menomonie, and UW Stout students.

- ❖ Capital acquisitions from the 2016 WisDOT
- ❖ The 2018 FTA Low/No Emission Program

Capital projects continue with purchases in 2019 of two medium buses and one large bus. Nine bus passenger shelters locations were presented to the Menomonie City Planning Committee and approved. A full Information For Bid (IBF) was developed according to WisDOT requirements, posted, bids were received and low bid was awarded. Placement date estimated between June and July 2020. FTA Low/No Program, will bring two E-Buses to DCT hopefully in 2020. State application submitted June 2018. Wisconsin DOT received award, announced November 2018. July 2019 DCT received award announcement from WisDOT for \$470,115.00 for 2 battery buses. Costs covered by FTA, 85% of buses, and up to 90% infrastructure and charging equipment
